

# ISLE OF SKYE RAILWAY GAZETTE

Issue Nr. 3/2010

Lohr, 23.12.2010

The year is nearing to its end. The Isle of Skye Railway was exhibited at three modelrailway exhibitions, beside these we attended a FREMO meeting and I held two operating sessions at home. Next year there will be one or two operating sessions. These year saw some new releases from the manufactures, that we used on the IoS. These were the Graham Farish Black Five, Standart 4 and eth new Mk1 Coaches.

At the second operating sessions these autum Borve saw its first outing, and was operated successfully. During the 24th Model Railway Days at Frankfurt Griesenheim the electric of Uig showed some sign of age, so that these winter is used to renew it.

Where our modules could be seen the people liked them. And we get many positive feedback

During last summer the DVD Modelrailway Dream Layouts yi the DVD series Modellbahn TV was publised and is on sale from [www.modellbahn-tv.de](http://www.modellbahn-tv.de)

On these way I wish to thank all of you who helped us to operate our layout at exhibitions, FREMO meetings and operating sessions.

I wish all of you a merry christmas and a happy new year.

Merry Christmas
